Responsible Individual
District Administrator/Designee

USE OF SCHOOL FACILITIES-REGULATIONS It is the aim of the Board of Education to make school facilities available for educational, recreational, cultural, and civic activities provided such activity does not interfere with educational programs, extra-curricular activities, or maintenance functions of the buildings or grounds. Organizations or groups using school district facilities must abide by the following regulations unless otherwise permitted by Board action:

1. **Application.** An "Application and Agreement for Facility Usage" must be submitted and approved prior to any scheduled activity. No agreement is transferable to another party.

2. **Purpose.** The purpose of use must be stated accurately on the application. Any deviation will be considered a breach of contract and may result in the cancellation of the event or denial of future use of District facilities. Authorization for use of school facilities shall not be considered an endorsement of or approval of the activity or the organization or the purpose it represents. The use of facilities by District employees for non-school events will be subject to the same criteria as District residents.

3. **Approval.** Each application for the use of school facilities must be approved or denied by the District Administrator or designee. Applications for rental of District facilities will be denied if previous use has been detrimental or unacceptable.

4. **Appeal Process.** The Board of Education has the authority to make the final decision on the use of school facilities by any group. This decision could include such items as the approval or denying of a request for facility use, waiving of all or part of the associated fees, or requiring additional insurance coverage due to the nature of the event.

5. **Priority Use.** Academic and school organization activities have first preference for the use of District facilities. Non-school applications may be denied or canceled if facilities are needed for a school activity. All facility use agreements shall expire annually on June 30th.

6. **Access.** Applications are approved for specific rooms, areas, or facilities and for specific dates and times. The user organization is responsible for assuring that unauthorized portions of the building are not entered and that the premises are vacated as scheduled.

7. **Fees.** A fee schedule will be made available when the application is filled out. That fee schedule will be reviewed and revised as appropriate. The category selected on the Application and Agreement for Facility Use will be used to determine which fee category is appropriate.

8. **Payment.** All fees should be paid prior to the event. Checks can be made payable to: Friess Lake School, 1750 Hwy. 164, Hubertus, WI, 53033. Arrangements to pay fees after the event must have permission of the District Administrator or designee.

9. **Additional Charges.** During normal working hours if there is considerable custodial time required before, during, or after an activity which prevents the custodian completing his or her regular duties, overtime will be used to complete those duties and that additional expense will be charged to the user organization. Additional charges may be levied for damages or agreement violations. At the discretion of the District Administrator or when municipal regulations require the presence of police or fire department personnel, the user organization must pay the full cost of such personnel.

10. **Cancellation by Group.** All cancellations must be made in a timely fashion. The user organization is responsible for any out-of-pocket expenses incurred by the District resulting from a last minute cancellation.

11. **Cancellation by District.** It is understood and agreed by the applicant that permission may be revoked or canceled at any time with or without cause. In the event of such revocation or cancellation, there shall be no claim or right to damages or reimbursement on account of any loss, damage, or expense incurred.

12. **Supervision.** User organizations must provide sufficient, qualified adult supervision for any scheduled activity.

13. **District Employee Responsibilities.** Custodial services are restricted to unlocking and locking doors; providing heat, air conditioning, and lights; setting up chairs; and performing normal routine clean up. A facility use that requires a technician to operate specialized equipment must be determined prior to the event and the cost of that technician will be in addition to any custodial fees.

14. **Decorations and Alterations.** Plans for decorating must be approved in advance by the District Administrator. Decorations which permanently alter the appearance of, cause damage to, or create an unsafe condition in the facility are prohibited. All decorations must be removed immediately upon completion of the event or the cost of that removal will be charged to the user organization.

15. **Restoration of Facilities.** All school facilities are to be restored by the user group to an appropriate condition following an event. The user organization is responsible for any costs incurred by the District to complete that restoration.

16. **Restoration of Fields.** The use of athletic/playing fields must be appropriate and compatible with the field and its surrounding area. User groups may not mark or otherwise modify fields without approval. Groups are required to leave playing fields and the surrounding area in acceptable condition. Any cost incurred by the District to clean-up or otherwise restore the area will be charged to the user organization at actual cost.

17. **Violations.** Smoking, drinking, illegal parking, and disorderly conduct are violations that can and will result in municipal fines. Violators will be prosecuted in accordance with law. Willful violations can result in the user group being denied future use of District facilities.

18. **Indemnification and Hold Harmless Provision.** The user agrees to protect, indemnify, and hold harmless the District, its elected and appointed officials, employees, agents, and staff from any and all claims, liabilities, damages, expenses, or right of action, directly or indirectly attributable to the user's activities and/or use of facilities in conjunction with this agreement.

19. **Insurance.** The District reserves the right to require a Certificate of Insurance providing liability coverage for any specific activity on District property.

20. **User Organization Responsibilities.** The user organization is responsible for the enforcement of the above regulations and is responsible for all participants, spectators, and affiliated personnel.
